3 Guys Grilling participates in festivals and events throughout Oregon and offers on site food service for club sports, fund raising, community and private events. We take care of all the details so your club or company can focus on a successful event.

We support Oregon companies that provide us with the freshest products to meet the needs of our clients. In addition, we support local and national charities such as Relay for Life, Clackamas Fire Foundation, Guide Dogs for the Blind, and OPB.
